What Students Say

"Anytown has been a great experience for me. Not just because of the amount I've learned, but because of the friends I've made along the way. Anytown has also been the one space where I was truly myself and felt accepted by everyone and not judged for who I like or how I act."

-Kain, Ridgeview College Prep

"Anytown was the best experience I've ever had in my life. I learned how to be kind to others and to myself, build connections with people from different backgrounds, support others and appreciate both what I have and where I come from. At Anytown, I never felt like I didn't belong."

Sophia, Central High School

"One of the most meaningful things about my time at Anytown was opening up and feeling comfortable reading my poetry. Before Anytown, I didn't know that it was okay to open up and share that part of myself."

Fernando, MetroTech High School

What Our Facilitators Bring

- Years of firsthand experience facilitating Anytown's dialogue-based curriculum with students in grades 6–12.
- Backgrounds in classroom teaching and youth development, so they understand how to work within a school setting.
